Useful information

Did you already...

- o attend company presentations?
- o talk to company representatives?
- o schedule a time slot for the photo booth?
- o check for free workshop slots?
- o check the job wall?
- o hand in your application portfolio?
- o fill out the evaluation form?
- o attend the panel discussion?

You want more BioContact?

WELCOME

» *BioContact e.V.*

We are delighted to welcome you to the **CONTACT2025**, the most successful life science job fair in the Rhine-Neckar region taking place at the Communication Center of the German Cancer Research Center (DKFZ).

We are excited to host **33** prominent global companies as well as regional organizations and start-ups from different life science sectors. Take advantage of the relaxed atmosphere of the CONTACT to engage with company representatives, explore their daily operations, career trajectories, and potential entry positions. Additionally, explore our diverse range of workshops, personalized CV reviews, and professional application portrait services.

The job fair is accompanied by a **presentation program**, which takes place in the main lecture hall on the ground floor and the gallery on the first floor. Attending one of our career workshops will help you improve your job application portfolio. Still missing a **high-quality job application portrait**? Our professional portrait photographer will take your picture. Pass by the photo booth and you may catch one of the last free spots! And don't forget to check out our job wall for open positions!

One essential factor for the CONTACT's success over the years is the prestigious venue within one of the world's leading biomedical research institutes, the **German Cancer Research Center (DKFZ)**. Situated amidst esteemed research and training institutions such as the European Molecular Biology Laboratory (EMBL), the Max Planck Institutes, and Heidelberg University, the CONTACT is located at a place destined for scientific exchange and innovation. Here, you'll encounter a dynamic community of highly qualified and motivated individuals spanning from university graduates to technical experts across various life science disciplines.

We extend our gratitude to the DKFZ executive board, Prof. Dr. Dr. Michael Baumann, and Ursula Weyrich, for their unwavering support. Special thanks to all members of BioContact e.V. for their dedication in bringing this event to life.

It is our privilege to provide a platform for connecting individuals within and beyond academia in the life sciences field. Should you have any inquiries, please don't hesitate to contact us at the information desk at any time. We wish all visitors and company representatives a rewarding and successful experience at the CONTACT2025!

Sincerely,
Your BioContact e.V. Team

WELCOME

» DKFZ board

Dear participants,

It is our great pleasure to welcome you to the life science career fair CONTACT2025 here at DKFZ. As a key platform, CONTACT connects undergraduate and postgraduate students, as well as young professionals, with representatives from national and international life science companies, science publishers, consulting firms, and innovative startups.

This event offers a unique opportunity for young scientists to explore career paths also outside academia, to engage in face-to-face meetings receiving advice and expanding their networks, and to gain valuable insights into different professional fields. As a mutual effect, companies benefit from direct access to highly qualified future employees.

We encourage all participants to make the most of this excellent opportunity and wish you a successful and inspiring fair.

Sincerely,

Prof. Dr. med. Dr. h. c. Michael Baumann
Chairman and Scientific Director

Ursula Weyrich
Administrative Director

CANCER RESEARCH CENTER
IN THE HELMHOLTZ ASSOCIATION

Research for a Life without Cancer

PROGRAM

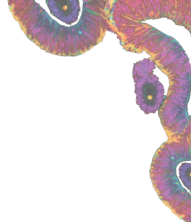

» Ground Floor / Stage 1

- 10.00-10.15 **Welcome** by BioContact e.V. and Prof. Dr. Duncan Odom (DKFZ)
- 10.15-10.40 **BASF** | Laura Grabowski
Process development for biocatalysis at scale
- 10.40-11.05 **ZS Associates** | Devadutta Samantaray, Chiara Vorabbi, Alexander Hirth
ZS Associate - Journey from Academia to Life-Science Consulting
- 11.05-11.30 **Arcondis GmbH** | Dr. Tobias Ziegler and Dr. Ardin-Marius Ouayoue
Become a Life Science Hero with Arcondis
- 11.30-11.55 **Boehringer Ingelheim Pharma GmbH & Co. KG** | Dr. Miriam Latuske
Exploring Pharma Research: Insights into Boehringer Ingelheim
- 11.55-12.30 **Lunch break**
- 12.30-12.55 **Sanofi** | Katrin Köhler
 *Sanofi - Dein Einstieg in einem globalen Gesundheitsunternehmen*
- 12.55-13.20 **HOX Life Science GmbH** | Dr. Morna Gruber & Dr. Michael Merli
How to Become a Project Manager in the Industry?
- 13.20-13.45 **DKFZ** | Dr. Barbara Janssens
Career Paths in the Life Sciences
- 13.45-14.10 **Coffee and networking break**
- 14.10-15.30 **Panel discussion** | Sanofi, CordenPharma, HOX Life Science, Singleron, Sciomics, AIRNA
Topic: Navigating a difficult job market
- 15.30-15.45 **Coffee and networking break**
- 15.45-16.10 **Scitaris** | Dr. Marina Pekmezovic & Dr. Marie Klimontova
Biopharma Strategy Consulting-Transition from Academia to Industry
- 16.10-16.35 **Metasystems** | Dr. Christian Schunck and Laura Moncada
MetaSystems – a Hidden Champion in the Region
- 16.35-17.00 **Procter & Gamble** | Juan Hernandez
P&G - A great place to work
- 17.00-17.25 **Rentschler** | Jana-Marie Lerch
Write Your Story at Rentschler Biopharma

PROGRAM

» First Floor / Stage 2 (K1/K2)

- 10.15-10.40 **Catalent** | Anita Ihrig
 *Karrierestart in der Pharmabranche - CDMOs*
- 10.40-10.53 **Lamm HR** | Kathrin Lamm
 *Wieso bekomme ich nur Standardabsagen?*
- 10.53-11.05 **AIRNA** | Dr. Paul Vogel
AIRNA's RNA editing therapeutics offer new exciting opportunities
- 11.05-11.30 **BioMed X** | Thomas Rückle
The BioMed X model: combining the best of academia and industry for drug discovery.
- 11.30-11.43 **Singleron** | Baraa Altaha
Latest updates for Single cell technologies
- 11.43-11.55 **Patentkanzlei ULLRICH & NAUMANN** | Dr. Michael Heimes
Patent attorney - working at the interface of scientific innovation and commercialization through the protection of intellectual property
- 11.55-12.30 **Lunch break**
- 12.30-12.55 **InfectoPharm** | Dr. Claudia Knauer and Vesna Brabez
Ihre Karrieremöglichkeiten bei InfectoPharm
- 12.55-13.20 **CordenPharma** | Karlheinz Kelsch
 *Ihre Karriere bei CordenPharma*
- 13.20-13.33 **Memetis** | Anna Vidina
 *of Miniaturization in Advancing Microfluidics for Life Sciences*
- 13.33-13.45 **PEPperPRINT** | Sarah Schott
Business development in a peptide microarray company – Between science and business
- 13.45-14.10 **Coffee and networking break**
- 14.10-15.30 **Panel discussion on Stage 1**
- 15.30-15.45 **Coffee and networking break**
- 15.45-15.58 **BIMOVIS** | Dr. Martin Stieler
Working at an Early-Stage Startup – Opportunities and Challenges
- 15.58-16.10 **Sciomics** | Monique Eutebach
Sciomics. Daily innovation - a typical day in a startup
- 16.10-16.35 **Spektrum der Wissenschaft** | Dr. Frank Schubert
 *Als WissenschaftsredakteurIn arbeiten*
- 16.35-16.50 **Kriminaltechnisches Institut** | Dr. Peter Zimmermann
 *Naturwissenschaften in Ermittlungs- und Strafverfahren*
- 16.50-17.15 **agap2** | Sabina Ganskih
 *Abwechslung gefällig? Projektarbeit bei agap2*

ORGANIZER

» *BioContact e.V.*

... we have been connecting for more than 24 years

BioContact e.V. was founded in Heidelberg in the summer of 2000 by PhD students and alumni of the German Cancer Research Center (DKFZ).

Our goal is to provide a platform for young scientists to get in touch and establish networks with industrial companies working in the fields of life science, medicine and pharmaceuticals. In doing so, we offer young scientists career opportunities and help them to intensify their contacts with potential future employers. The CONTACT job fair, designed to directly bring company representatives and scientists together, is the main event organized by BioContact e.V. each year. With great support from the German Cancer Research Center, the CONTACT job fair became one of the most successful life science job fairs in the Rhine-Neckar metropolitan area.

In addition to the CONTACT job fair, we also organize career-oriented seminars, workshops as well as individual company presentations within our monthly „In Contact With“ (ICW) event series.

Contact:

BioContact e.V.

ORGANIZER

>> *BioContact e.V.*

Join BioContact and take an active role in making the next job fair a success. As a member, you'll connect with life science companies - both global players and start-ups - while developing skills in event planning, PR, IT, and design.

Membership also offers training workshops, networking opportunities, and social events where you can gain career insights from BioContact alumni. We look forward to welcoming you to the team!

Curious about a season at BioContact?

Check out our timeline for an overview - but there's even more happening behind the scenes!

PROGRAM

>> *Panel discussion*

Navigating a difficult job market

How to Stand Out and Find Future-Proof Careers?

In today's competitive job market, standing out is more challenging than ever. As industries evolve and new technologies emerge, some roles are growing rapidly while others are fading away. But how can you identify which career fields are expected to grow in the future and ensure your skills remain relevant?

Join us for a dynamic panel discussion where industry experts will explore the kinds of positions expected to expand in the coming years and what you can do to rise above the competition. Discover strategies to adapt to a changing job landscape and learn how to highlight your unique strengths. Whether you're about to graduate or just starting to map out your career path, this event offers the insights you need to navigate the job market. Don't miss this opportunity to gain valuable advice and start shaping your future today!

Get the answers you are looking for in our panel discussion at the CONTACT2025 at **14:10 – 15:30 on stage 1 (ground floor)** with representatives of:

- **AIRNA**
- **CordenPharma International GmbH**
- **HOX Life Science GmbH**
- **Sanofi-Aventis Deutschland GmbH**
- **Sciomics GmbH**
- **Singleron Biotechnologies**

PROGRAM

» External speakers

Kriminaltechnisches Institut

Naturwissenschaften in Ermittlungs- und Strafverfahren

16:35-16.50 | K1/K2 | Dr. Peter Zimmermann

In diesem Vortrag wird das Landeskriminalamt Baden-Württemberg und dessen Aufgaben vorgestellt, insbesondere das Kriminaltechnische Institut. Der Schwerpunkt wird dabei auf der forensischen DNA-Analyse liegen und es werden sowohl die inzwischen fast vollständig automatisierten Standard-Methoden als auch neue Möglichkeiten und Entwicklungen vorgestellt. Zum Schluss werden Strategien und praktische Umsetzungen anhand eines konkreten Falles verdeutlicht.

Patentkanzlei ULLRICH & NAUMANN

Patent attorney – working at the interface of

scientific innovation and commercialization through the protection of intellectual property

11.40-11.55 | K1/K2 | Dr. Michael Heimes

ULLRICH & NAUMANN

GEWERBLICHER RECHTSSCHUTZ · INTELLECTUAL PROPERTY

Jobs relating to the commercialization of innovations offer highly attractive career options for scientists and the protection of intellectual property (IP) is pivotal in bringing scientific innovations to the market. IP Professionals are typically technology experts, who make use of their scientific background to work hand in hand with other scientists in the quest to successfully commercialize their innovations and inventions. While the patent attorney profession plays a key role in this process, other opportunities to work at the interface of innovation and commercialization exist. This presentation will illustrate the work profile/training requirements of a patent attorney and will give a cursory overview regarding possible other job options relating to the protection and commercialization of IP.

Spektrum der Wissenschaft

Als WissenschaftsredakteurIn arbeiten

16.10-16.35 | K1/K2 | Dr. Frank Schubert

Spektrum
der Wissenschaft

Was machen WissenschaftsjournalistInnen? Wie sieht die tägliche Arbeit in einer Wissenschaftsredaktion aus? Welche Vor- und Nachteile bietet dieser Beruf, was erfordert er, und welche Einstiegsmöglichkeiten gibt es gerade für QuereinsteigerInnen? Frank Schubert, Redakteur bei »Spektrum der Wissenschaft«, stellt den Verlag und den Berufsalltag vor und beantwortet Ihre Fragen dazu.

PROGRAM

>> Workshops

Are you ready to start your career journey and improve your job application skills or case-cracking abilities? The CONTACT2025 fair offers a variety of workshops that will provide valuable insights to help you succeed in the job market.

Job Fair Preparation Courses:

In addition to the workshops, we're offering two special courses to help you prepare for the fair and make a strong impression. Choose between an English (12.05) or German (07.05) course, both held in the DKFZ main building. These courses will give you the tools to make the most out of CONTACT2025. Sign up for your preferred workshop and get prepared to take the next step in your career.

Workshops at the fair:

The workshops will be held in small groups, providing a relaxed and interactive environment, and they are completely free of charge.

Workshop Attendance Info:

- If you've registered for a workshop, please arrive at the BioContact workshop desk **at least 15 minutes before your session**. Seats will be given to others if you do not show up on time.
- If you can't attend, please send an email to workshops@biocontact.info at least **30 minutes before your session** so we can offer your spot to someone else.

If you have any questions or need further information, feel free to email us at workshops@biocontact.info or stop by the BioContact workshop desk.

We're happy to assist you.

Make the most of your CONTACT2025 experience.

MLP

Workshop „Maximieren Sie Ihren Erfolg: Rhetorik, Bewerbung und Vorbereitung für den perfekten Auftritt auf der CONTACT2025“

 07.05.2025 | 17.00 – 20.00 | Lara Knöbel & Emily Sinn
DKFZ | 30 Teilnehmer:innen

Wichtige Learnings:

1. Optimierung der Rhetorik:

- Kommunikationstechniken für überzeugende Präsentationen.
- Umgang mit Lampenfieber und Selbstbewusstsein stärken.

2. Perfekte Bewerbung:

- Erstellung von aussagekräftigen Bewerbungsunterlagen (auch digital).
- Best Practices für Bewerbungen bei der CONTACT2025.

3. Vorbereitung für den perfekten Auftritt:

- Planung und Strukturierung von Gesprächen und Networking.
- Erstellung eines Elevator Pitches.

Warum dieser Workshop wichtig ist:

- **Karrierechancen maximieren:** Durch professionelle Rhetorik und gezielte Bewerbung steigern Sie Ihre Chancen auf neue berufliche Perspektiven.
- **Erhöhte Sichtbarkeit:** Mit einer durchdachten Vorbereitung und Selbstpräsentation setzen Sie sich von anderen ab.
- **Verbesserte Kommunikationskompetenz:** Sie lernen, klar und überzeugend zu kommunizieren, was sowohl bei Gesprächen als auch in Präsentationen wichtig ist.
- **Strategische Eventvorbereitung:** Der Workshop hilft Ihnen, Ihre Ziele bei der CONTACT2025 effektiv zu erreichen, sei es für Jobangebote oder Partnerschaften.

PROGRAM

» Fair preparation workshops

HORBACH

*Getting prepared! The perfect appearance at the job fair:
Life Scientists' Special*

12.05.2025 | 18.00 – 20.00 | Dominik Saulér

DKFZ | 30 participants

In preparation for the CONTACT2025, this workshop gives you the opportunity to perfect your appearance at the job fair and to make your visit more successful:

- How do I make a convincing first impression?
- What should I do in order to get prepared?
- Which information about the exhibiting companies are relevant for me?
- How do I appear persuasive?
- Which documents should I have ready?

Answers to these and other questions will be given during the fair preparation workshop by Horbach Wirtschaftsberatung.

This year you additionally have the opportunity to send us your CV before the workshop, which will be reviewed by the speaker in advance. Based on your CVs, the workshop will be tailored to your needs. During the workshop, the speaker will already give valuable tips on your documents. Afterwards you will get a brief individual feedback on your CV.

Send your CV with the subject "Horbach MVS" to alina.buettner@horbach.de until the 07.05.2025.

PROGRAM

>> Workshops

CordenPharma

Tipps und Tricks für erfolgreiche Vorstellungsgespräche

 **10.45 – 11.30 | Karlheinz Kelsch**

DKFZ | 20 Teilnehmer:innen

Wie hinterlässt man im Vorstellungsgespräch einen bleibenden Eindruck? In diesem Workshop erhalten Studierende praxisnahe Tipps und Strategien, um sich optimal auf Bewerbungsgespräche vorzubereiten und typische Stolperfallen zu vermeiden. Von der richtigen Selbstpräsentation bis hin zum souveränen Umgang mit kniffligen Fragen – erfahrt, worauf es wirklich ankommt. Nutzt die Chance, von einem erfahrenen Personalleiter aus der Praxis zu lernen!

DKFZ Career Service

(Strategic) Networking - from chore to fun priority

10:00 – 12.00 | Marion Gürth & Barbara Janssens

DKFZ | 30 participants

The importance and positive effects of networking are obvious: It enables collaborations, can open doors, facilitates career orientation and career transition. Regardless of this, it is too often perceived as a chore - we tend to let it slide, procrastinate and nothing happens. In this interactive workshop, we want to encourage you to get started. There is nothing to lose but a lot to win! We will share and discuss hands-on tips and tricks on how to prepare for networking conversations, how to approach people best and how to follow-up to create long lasting relationships. A good start for effective networking is curiosity (which comes naturally to all scientists) and a mindset that everyone can learn to adopt. You will systematically analyze your already existing network (there is more than you might think!) and work on a strategy for using your network more effectively and expanding it in a targeted manner. Most importantly, you will have the chance to practice network conversations with your peers in a safe environment to eventually discover the fun aspects of it.

PROGRAM

>> Workshops

HORBACH

*Business Basics for Scientists –
Essential Skills for Your Career*

16:00 – 17:30 | Madina Simbargov

DKFZ | 30 participants

HORBACH 

Are you a scientist looking to boost your career with business knowledge? Join our 90-minute workshop and gain essential business fundamentals tailored for professionals in the natural sciences.

In this interactive session, you will:

- Understand key financial and economic concepts relevant to your field
- Learn how businesses operate and make decisions
- Discover how business skills can enhance your career prospects

No prior business knowledge required! Gain insights, ask questions, and take the first step toward a well-rounded career.

HOX

Wie überzeuge ich im Assessment Center?

10.15 – 12.15 | Dr. Morna Gruber &

Dr. Michael Merli

DKFZ | 20 Teilnehmer:innen

HOX  **LIFE SCIENCE**
GmbH

In der Pharma- und Biotechindustrie ist es erwünscht, dass naturwissenschaftliche Absolvent*innen nicht nur naturwissenschaftliches Fachwissen, sondern auch betriebswirtschaftliche Kenntnisse und Soft Skills wie Teamfähigkeit und Kommunikationsstärke mitbringen.

Pharmaunternehmen nutzen Assessment Center, um High Potentials für ihre Traineeprogramme zu identifizieren und prüfen in deren Rahmen, inwieweit betriebswirtschaftliches Denken, Kommunikationsstärke und Teamfähigkeit bei den Bewerber*innen vorliegt.

Da die Aufgaben und Interviewsituationen, auf die man im Assessment-Center trifft, sehr vielfältig und komplex sind, sollte man sich intensiv auf ein Assessment Center vorbereiten, wenn man Erfolg haben will.

In unserem Workshop bieten wir die Vorbereitung auf zwei Module eines Assessment Centers.

- Wir geben Euch einen Leitfaden und ein konkretes Beispiel für eine überzeugende Selbstpräsentation
- Wir erarbeiten mit Euch einen Business Case, so dass Ihr in Zukunft auch mit betriebswirtschaftlicher Denkweise überzeugen könnt

Wir freuen uns auf Euch!

PROGRAM

>> Workshops

Lamm HR

Personal Branding on LinkedIn

13.00 – 13.45 | Petta Praschma

DKFZ | 20 participants

This workshop provides practical tips and tricks to optimize your LinkedIn profile, showcase your skills, create engaging content, and expand your professional network, helping you unlock career opportunities in the life sciences field.

Christelle Pillot Coaching

Navigating the Bridge: From Academia to Industry

A Strategic Approach for Doctoral Students and Early-Career Postdocs

13.00 – 14.00 | Christelle Pillot

DKFZ | 20 participants

Christelle Pillot is an experienced career change coach and consultant who specializes in helping international professionals navigate career transitions effectively. She is passionate about empowering individuals to identify their strengths, explore new career paths, and develop strategies for successful transitions.

With a background in Chemical Engineering and 15 years of experience in International Sales Management, Christelle brings a unique perspective to her coaching. Her own journey of transitioning from engineering to life coaching has equipped her with firsthand insight into the challenges and opportunities of career shifts. This makes her ideally suited to guide doctoral students and early-career postdocs transitioning from academia to industry, offering practical strategies and actionable advice.

As a multilingual coach fluent in English, German, and French, Christelle is skilled at working with diverse professionals across cultures. Her approach celebrates individuality, optimizes career potential, and strengthens professional connections. Through her coaching, she helps individuals uncover new sources of energy, clarity, and fulfillment in their careers and personal lives.

This workshop will provide you with actionable insights and practical strategies to successfully transition from academia to industry, focusing on identifying transferable skills, building a professional network, and crafting a compelling personal brand.

MLP

Überzeugend auftreten: Rhetorik- und Bewerbungstraining für den erfolgreichen Karrierestart

13.00 – 16.00 | Lara Knöbel & Kim-Patrick Hebbel

DKFZ | 20 Teilnehmer:innen

Überblick

Der erfolgreiche Einstieg in den Beruf erfordert nicht nur fachliche Kompetenz, sondern auch die Fähigkeit, sich selbst überzeugend zu präsentieren. Das Rhetorik- und Bewerbungstraining auf der Contact 2025 bereitet Sie optimal auf Vorstellungsgespräche, Networking und berufliche Kommunikation vor.

Trainingseinheiten und Inhalte

1. Bewerbungstraining

- Erstellung von professionellen Lebensläufen und Bewerbungsanschreiben
- Erfolgreiche Präsentation von Fähigkeiten und Erfahrungen

2. Rhetorik-Training

- Stärkung der verbalen und non-verbalen Kommunikationsfähigkeiten
- Umgang mit Lampenfieber und Nervosität

3. Interview-Coaching

- Simulation von Bewerbungsgesprächen
- Feedback und Verbesserungsvorschläge

4. Präsentationstechniken

- Visualisierungstechniken und Einsatz von Medien
- Stimme, Körpersprache und Präsenz als Schlüssel zum Erfolg

Vorteile des Trainings

- **Selbstbewusstes Auftreten** – Optimierung der persönlichen Kommunikationsstrategie
- **Gezielte Vorbereitung** – Praxisorientierte Tipps für Bewerbungsgespräche
- **Karrierebooster** – Steigerung der Chancen auf die Wunschstelle

PROGRAM

>> Workshops

Scitaris

Everyday life as a Bio-Pharma Consultant: Evaluate an early-stage drug opportunity!

12.30 – 14.00 | Dr. Marina Pekmezovic & Dr. Marie Klimontova

DKFZ | 30 participants

SCITARIS is a consulting firm focused on R&D strategy support for pharma and biotech companies. With its interdisciplinary team of scientific consultants, it supports clients along the entire value chain of drug development: from rare diseases to oncology; from small molecules to the latest cell therapies.

During the workshop you will gain insight into the everyday life of a R&D consultant. You will work on the scientific validation of a drug candidate by analyzing clinical trial data. From this, you will make business considerations for clinical drug development. The workshop will be very interactive and you will have the opportunity to ask questions during and after the workshop.

ZS Associates

Case Study with ZS - Cracking a Real-Life Case in Pharma

12:30 – 14.30 | Alexander Hirth & Chiara Vorabbi

DKFZ | 20 participants

Have you ever thought about joining a consultancy that specialises in your area of interest? ZS is a renowned consulting firm that specializes in the pharmaceutical and life sciences industry. If you're interested in cracking a real-life business case within the life sciences field, then you should attend our Consultancy Case Cracking workshop. This workshop is designed to provide you with an honest look into our work, and an opportunity to gain firsthand experience in case preparation and frameworks.

PROGRAM

» Application portfolio check

A complete and compelling job application portfolio is key in order for you to get invited for an interview. But how to draft and compile contents correctly?

Meet the Human Resources experts of Agentur für Arbeit, Horbach, and Hesse/Schrader who will be at the CONTACT2025 to give you valuable advice, including 1:1 consultations on how to optimize your portfolio.

On top, you will have the chance to book a confidential online career interview, CV check, and general career guidance with PhD Career Consultancy only at the **CONTACT2025**. These CV checks will take place online on **23.05.2025**.

Registration:

Registered participants must confirm their attendance at the workshop desk at least 15 minutes before their scheduled session. If you do not show up, your session will be assigned to another person.

Did you not get a slot in advance? Depending on availability, you may have the chance to sign up for a portfolio check on short notice on the day of the job fair. Please check out the workshop desk of BioContact.

The portfolio checks with PhD Career Consultancy are only bookable directly at the BioContact workshop desk at the job fair. We are looking forward to assisting you with the registration! For any further questions, please write an email to workshops@biocontact.info.

PROGRAM

» Application portfolio check

Agentur für Arbeit

*Wir checken das für Sie! Kommen Sie zur individuellen
Besprechung Ihrer Bewerbungsunterlagen zum Hochschulteam
der Agentur für Arbeit.*

Petra Kuhn und Ellen Winbauer

Dauer 30-40 min | 10 Teilnehmer:innen

Bundesagentur für Arbeit

Agentur für Arbeit Heidelberg

bringt weiter.

Das Hochschulteam der Agentur für Arbeit Heidelberg bietet Ihnen ein individuelles Feedback zu Ihren Bewerbungsunterlagen an.

- Überzeugt Ihr Anschreiben?
- Ihr Lebenslauf?
- Sind die Anlagen passend?
- Werden formale Kriterien erfüllt?

Wir erarbeiten mit Ihnen konkrete Vorschläge zu Ihrer überzeugenden Bewerbung.

HORBACH

Your suitable CV for your suitable position

Alexander Schröder & Madina Simbargov

Duration 30 min | 25 participants

HORBACH 

During this year's CONTACT2025 you can take advantage of our CV check. Your CV is your application's centerpiece. It should answer all questions concerning your qualifications, experiences and skills and at the same time it must be individual and brief:

- What are the most important parts of my CV?
- How can I express what I really want to say?
- What can I do in order to avoid misinterpretation?
- What if my CV is longer than two pages?
- How can I adapt and individualize my CV to different job offers?

During the 30 minutes CV check answers to those questions will be given by the experts of HORBACH Wirtschaftsberatung. Your documents will be analyzed and valuable tips regarding their content, your position relative to competitors and your career options will be given to you.

Your thesis should definitely be mentioned within your CV – but your CV should not be your thesis!

Send your CV with the subject "CV Checkup Contact2025" to alina.buettner@horbach.de until the 16.05.2025.

PROGRAM

>> Application portfolio check

Hesse/Schrader

Application Document Check

Dr. Branko Woischwill

Duration 20 min | 20 participants

Hesse/Schrader

Erfolg haben. Mensch bleiben.

For individuals interested in having their application documents reviewed, we are offering personalized consultation sessions following the lecture. Advanced registration via the BioContact website is required. Instead of bringing your documents to the Techniker Krankenkasse booth, please arrive at the BioContact workshop desk ahead of time. For the sake of ensuring a quiet environment conducive to detailed consultations, the document checks will be conducted in a separate room away from the booths. Organizational staff will guide participants from the BioContact workshop desk to the consultation room.

PhD Career Consultancy

Confidential career interviews

Sarah Blackford

**PhD Career
Consultancy**

The career interviews will take place online on 23.05.25. You will have the chance to book one of the highly demanded CV checks only at the CONTACT2025.

Duration 30 min | Online - Zoom | 10 participants

Registered delegates of CONTACT2025 will have the opportunity to book a confidential careers interview with a professional PhD career consultant* about any aspect of their career. This might be to receive guidance and advice on career plans, check your CV, discuss ways to develop your career, investigate ways to improve your job seeking strategy, help you to formulate a personal action plan, and any other aspects related to your career. The schedule allows for 10 career interviews, with each one lasting for up to 30 minutes. These will be allocated on a first-come first-served basis.

*Sarah Blackford is a certified academic career coach with a background in scientific research, publishing and higher education careers advisory work. She specializes in helping bioscience doctoral students and postdoctoral researchers to transition successfully to their next role, whether it's within or outside of academia. She has over 20 years' experience of delivering career workshops and one-to-one coaching in research institutions and universities and much of her advice and resources are published on her blog, www.biosciencecareers.org. A Senior Fellow of the Higher Education Academy and registered member of the Career Development Institute, Sarah adheres to a recognized ethical code of practice.

Transforming Human Heart Health

AaviGen is at the forefront of gene therapy innovation, dedicated to developing cutting-edge treatments for hereditary and genetic cardiac disorders.

Our Vision

To be a global leader in gene therapy, delivering life-changing treatments that improve the quality of life for patients worldwide.

Why join Aavigen?

Innovative Environment

Work with cutting edge technology and be part of groundbreaking research.

Collaborative Culture

Join a team of passionate professionals dedicated to making a difference.

Career Growth

We offer opportunities for professional development and career advancement.

Impactful Work

Contribute to life-changing therapies that have a real impact on patients' lives.

We are looking for talented individuals to join our team!

We are particularly interest in roles for:

- ✓ Research Scientists
- ✓ Lab Technicians
- ✓ Veterinaries

For more information about career opportunities at AaviGen, please visit www.aavigen.com

Area of expertise	Biosciences, biochemistry, biotechnology, medicine, veterinaries
Career opportunities	Direct entry, PostDoc
Trainee program (positions/year)	No
Career homepage	http://www.aavigen.com/careers

AaviGen GmbH is an innovative biotechnology company based in Heidelberg, Germany. Founded in 2019, AaviGen specializes in developing transformative gene therapies for genetic and acquired cardiovascular and cardiopulmonary diseases. The company utilizes a proprietary platform of heart-specific recombinant adeno-associated viruses (AAVs) to deliver therapeutic genes directly into diseased heart muscle cells.

Mission and Technology

AaviGen aims to advance precision medicine by providing safe and effective gene therapies for heart-related conditions. The company employs cutting-edge experimental and bioinformatics technologies on its hybrid Next-CAP platform to develop precise cardiac gene therapies. This platform enables the targeted delivery of genes to treat heart failure and other heart diseases.

Research and Development

AaviGen's technology platform integrates ultra-diverse AAV capsid engineering with high-throughput bioinformatics in human-relevant model systems. This allows for the development of gene addition, gene silencing, and gene editing therapies for acquired and inherited heart diseases. The company strives to transform the clinical landscape of cardiovascular care and improve patients' quality of life.

Transforming lives one RNA
edit at a time

Company Profile

» AIRNA

Name	AIRNA
Industry sector	Biotechnology
Products, services	RNA therapeutics
Locations	AIRNA Bio Germany GmbH, Tübingen, Germany and AIRNA Corporation, Cambridge, USA
Year of foundation	2021
Number of employees	ca. 45
Vacancies per year	3 - 10
Area of expertise	Biochemistry, biosciences, biotechnology, chemistry, informatics, pharmacy
Career opportunities	Direct Entry, Internship
Trainee program (positions/year)	No
Career homepage	airna.com
Company presentation	10:53 - 11:05 Stage 2

AIRNA is an RNA editing therapeutics company advancing a new modality towards transforming the lives of patients with rare and common diseases. By leveraging a proprietary platform, AIRNA takes advantage of the body's own cellular editing machinery and makes very precise edits in RNA to change genetic information without touching DNA. RNA editing modifies the instructions for protein sequence and production in a novel manner compared to other technologies such as CRISPR. We are an international, multicultural, and interdisciplinary team, drawing on our diversity as a source of unique perspectives that deliver differentiated solutions.

Company presentation	11:05 - 11:30 Stage 2

BioMed X is an independent research institute with sites in Heidelberg, Germany, New Haven, Connecticut, XSeed Labs in Ridgefield, Connecticut, and a worldwide network of partner locations.

We operate at the interface between academia and industry, performing biomedical research and drug discovery & development in the fields of oncology, immunology, neuroscience, platform technologies, and artificial intelligence.

All our research projects are supported by leading pharmaceutical companies and conducted by early-career scientists recruited from the best schools around the world. The combination of global crowdsourcing with local incubation of the best research talents and ideas allows us to solve the biggest challenges in biomedical research.

We stand for free, creative, and curiosity-driven research combined with a solid validation of results, timelines, and deliverables. We serve a large purpose in advancing translational biomedicine by leveraging synergies and fostering cross-pollination across disciplines.

Celonic ist eine „Pure Play“ Biologics Contract Development Manufacturing Organization (CDMO). Celonic hat es sich zur Aufgabe gemacht, ihre Kunden, in erster Linie kleine bis große Biotech-Unternehmen, dabei zu unterstützen, lebensrettende und -verbessernde Medikamente unter Einsatz innovativer Bioprozesstechnologien der nächsten Generation effektiv auf den Markt zu bringen. Celonic verfügt über ein hochmodernes Entwicklungs- und Innovationszentrum in Basel, Schweiz (Hauptsitz), sowie über klinische und kommerzielle GMP-Produktionsanlagen in Heidelberg, Deutschland. Gegenwärtig arbeiten mehr als 500 hochqualifizierte Mitarbeiter bei Celonic. Aufgrund der Expansion des Unternehmens ist Celonic auf der Suche nach engagierten und qualifizierten Mitarbeitern.

We are growing. We are hiring.

Corden Pharma ist eine der führenden Contract Development and Manufacturing Organizations (CDMO) und entwickelt und produziert im Auftrag ihrer Kunden als „Full-Service“-Dienstleister pharmazeutische Wirkstoffe, Arzneimittel und damit verbundene Verpackungsdienstleistungen. Die Gruppe beschäftigt rund 3.000 Mitarbeiter und erzielte im letzten Geschäftsjahr einen Umsatz von über 870 Mio. EUR.

Unsere **Vision**: ein vertrauenswürdiger, zuverlässiger und hoch angesehener CDMO für Pharma- und Biotechnologie-Unternehmen zu sein, indem wir branchenführende integrierte Produktlösungen mit Integrität, Transparenz und Flexibilität auf allen Ebenen der Organisation anbieten.

Unsere **Mission**: wir streben nach Spitzenleistungen bei der Unterstützung globaler Kunden aus der Pharma- und Biotechnologiebranche mit qualitativ hochwertigen Produkten zum Wohle der Patienten.

Wir haben Ihr Interesse geweckt? Dann bewerben Sie sich auf unserer Homepage www.cordenpharma.com oder senden Sie Ihre Bewerbungsunterlagen an bewerbung.cpi@corndenpharma.com.

» HOX

Name	HOX Life Science GmbH
Industry sector	Consulting
Products, services	Career Services & Academy - HR & Marketing Services
Locations	Germany-wide
Year of foundation	2019
Number of employees	> 50
Vacancies per year	> 500
Area of expertise	Biosciences, biochemistry, biotechnology, chemistry, informatics, engineering, medicine, mathematics, pharmacy
Career opportunities	Direct entry
Trainee program (positions/year)	No
Career homepage	https://www.hox.de/fuer_bewerber
Company presentation	12:55 - 13:20 Stage 1

Just as HOX genes play a crucial role in embryonic development, at HOX Life Science we would like to make a vital contribution to the life science community. As a consulting agency we support life science companies with our holistic Human-Relation-Services and with our focus in marketing we help them to develop their brand as an employer.

On the other hand, we support Life Scientists in shaping their careers with numerous jobs in our Job Portal, our Career Services (CV optimization, interview training) and with Online Courses at the HOX Academy. Our Courses are designed to prepare you for the industry and help you expand your skill set. Our Business Administration Course gives you an insight into how companies operate and function and helps you to find your way in the industry. In our Project Management Course, you will learn how to plan life science projects with MS Project. You can find additional information about new jobs, the application process and facts about the life science industry on our LinkedIn, YouTube and Instagram Channels.

Our motto is: "Scientists supporting Scientists"

Wo Ihr Wissen wirkt.

„Nach meiner Promotion wollte ich mich ausprobieren und in einem Bereich arbeiten, der für mich Sinn macht.“

Mein Arbeitsalltag ist bunt und vielseitig – ich betreue Produkte, die für die Gesundheit für jedes Alter und besonders für Kinder geeignet sind.

Kompetente Kollegen sind für mich da. Ich habe Verantwortung und fühle mich hier wertgeschätzt.“

Apotheker als Fachreferent Medizinische Wissenschaft

Sanofi ist ein innovatives globales Gesundheitsunternehmen mit einer einheitlichen Bestimmung:

Wir erforschen die Wunder der Wissenschaft, um das Leben der Menschen zu verbessern.

Unser Team von über 86.000 Mitarbeitenden setzt sich in 70 Ländern dafür ein, die medizinische Praxis zu verändern und damit das Unmögliche möglich zu machen. Wir bieten weltweit Millionen von Menschen lebensrettende Impfstoffe und Behandlungsoptionen an, die das Potential haben, das Leben zu verbessern. Dabei stellen wir Nachhaltigkeit und soziale Verantwortung in den Mittelpunkt unseres Handelns.

In Deutschland sind etwa 8.100 Mitarbeitende tätig. Es gibt nur wenige Gesundheitsunternehmen, die hierzulande innovative Arzneimittel nicht nur produzieren und vermarkten, sondern auch erforschen und entwickeln - Sanofi ist eines davon.

Trainee program (positions/year)	No
Career homepage	https://www.sciomics.de/about-us/career
Company presentation	15:58 - 16:10 Stage 2

Protein profiling is essential in modern biomedical research. The aim is improving patients' quality of life by utilizing molecular signatures to guide diagnosis and treatment.

We provide scientific high-content protein profiling services based on our antibody microarray platform. The analysis is based on either our fixed-contentarray portfolio (scioDiscover, scioCyto, scioCD) or customized antibody arrays. The protein abundance measurement of more than 1,500 proteins can be extended by a parallel analysis of their corresponding phosphorylation status (scioPhospho) or ubiquitination status (scioUbi).

For your convenience and fast usability of the results, our service always includes an in-depth bioinformatic data analysis and a detailed scientific study report. Our protein analysis platform reduces the cost and attrition rate in your protein biomarker development as well as in pre-clinical evaluations of compounds through in-depth insights on the relevant level of proteins.

BIOPHARMA CONSULTING

Your career with a PhD

YOUR ROLE

You will be working closely with Managing Partners, Senior Consultants and Consultants in an open team environment, primarily by conducting qualitative and quantitative analyses to help shape the final recommendation for our clients. This is usually focused around scientific and clinical data but often includes business, industry and market landscape analyses. In addition, you will contribute in preparing the final presentation material and will gain direct exposure to our clients.

REQUIREMENTS

- PhD degree in a relevant biomedical/ life sciences related field
- Top-tier quantitative & qualitative analytical skills
- Attentive to details & able to deliver high-calibre work on time
- Strong communication skills in English (no German required)
- Keen interest in the pharmaceutical, life science & healthcare industries
- Willingness to travel & to relocate to Germany

We are open for your questions

We have a lot of answers to your questions about health insurance – right here on campus.

What will happen with my health insurance when I turn 25? What happens if I start a work placement or part-time job, or if I become a student trainee? What should I do if I'm planning to spend a semester abroad? What happens when I finish my studies or start work? What do I have to know as a university employee?

We will gladly advise you: every Thursday during the lecture period from 11 a.m. until 2 p.m. at the front desk of the Triplex-Mensa.

We will gladly advise you:

ANNOUNCEMENT

>> *In Contact With*

What comes after the CONTACT2025?

In CONTACT with...!

BioContact e.V. offers more than the CONTACT job fair. Throughout the year, we organize monthly company presentations providing a chance for young scientists to get "In CONTACT with" companies from different areas of life sciences, biotechnology, pharmaceutical research, strategy consulting and start-ups.

The "In CONTACT with" events are a platform for companies to introduce themselves to an interested, highly qualified audience and to provide information about career possibilities as well as the first steps of how to become part of their company. After each presentation, attendees have the unique opportunity to directly get "In CONTACT with" the speakers to ask questions in a relaxed atmosphere with drinks and snacks and to establish a personal contact with the company representatives.

We proudly look back on more than twelve years of this event series with renowned companies such as Roche, BASF, Merck, Sanofi, Procter & Gamble, AstraZeneca, Miltenyi and many more.

We will continue this highly successful event series in the future and look forward to seeing you there! Always stay up to date on X (@BioContact_eV), LinkedIn (BioContact e.V.), Instagram (@biocontact), and of course on our website: www.biocontact.info.

CONTACT2025

CONTACT2025

>> Imprint

BioContact e.V. kindly thanks everyone involved in the organization of the job fair CONTACT2025. In particular we would like to thank:

- >> the management board of the DKFZ, Prof. Dr. Dr. Michael Baumann and Ursula Weyrich, who enabled the realization of the CONTACT, and Mrs. Zimmermann as contact person
- >> the team from the technical infrastructure of DKFZ who helped with their technical assistance, and guaranteed a smoothly running job fair
- >> Mrs. Klewinghaus for helping us ensuring a safe CONTACT
- >> all other contributors who helped making the CONTACT a great success
